

Manufacturer spotlight

Foodservice suppliers provide a look at products designed to make an operator's job easier.

Rich Products' On Top whipped topping is packaged in a ready-to-use pastry-style bag that yields 100% product, retains form on hot and cold dishes and eliminates the need for expensive aerosol disposal systems. On Top also has a similar taste profile to other consumer topping products and creates a value-add opportunity when incorporated into desserts, beverages and breakfast items.
